

# RENT ROLL BUSINESS DIAGNOSTIC

Our Rent Roll Business Diagnostic provides guidance and peace of mind through clarifying the vision of your Property Management business then taking an independent, thorough x-ray of the Rent Roll Business to determine the gaps in:

- Team culture and engagement of your team
- Business structure and efficiency
- Risk, compliance and controls
- Financial performance
- Rent Roll growth potential
- Operational performance
- Automation, systemisation and use of technology

## BENEFITS

- It will provide speed and clarity for the business owner rather than waiting years wondering what is wrong with your business and how it can be fixed
- Unlock the potential in your Rent Roll business
- It can be used as a decision-making tool about when to sell your business – is it the right time?
- There is a great deal of analysed data to help you reduce any 'sticking points' in your business now and into the future

## PRICING

from \$4600 Incl GST

## WHY

Many business owners put more time into planning their holidays than they do planning the lifecycle of their business.

Are you ready to eradicate 'sticking points' in your business? We'll show you how to do it.

Clarify the vision of the business owner and measure the gaps between that vision and the current reality of the business.

- An independent third party analysis
- A detailed report explained with a thorough explanation by your coach
- Recommendations to fill the gaps
- A complete x-ray of your Property Management business
- Interviews with the business owners
- Interviews with the team members
- Data reports extracted from your Property Management software are analysed
