Jessica Weaving first joined Real Estate Dynamics in April 2014, and is the first point of contact for our Training and Coaching clients.

With extensive past experience in Property Management, administration and team support, Jess shines in her role as part of the Training and Coaching Department at Real Estate Dynamics. Jess provides excellent support, including organisation of industry training events, administration and quality support to our valued Clients and Members.

Real Estate Dynamics present an extensive range of industry training events nationally and our team of Trainers are delighted to have Jessica as their reliable organiser of venues, catering, travel, accommodation and other requirements which are specific to each Training Event. Jessica enjoys the organisation involved in Event Management and it reflects her skills required in this key role of attention to detail, organisation and communication.

Jessica loves being part of the fast paced work environment and working with a team that is progressive and a Company that is hitting significant goalposts right across the country.
