Peta McLucas joined Real Estate Dynamics in 2015 after 15 years in the Real Estate Industry. She has tried her hand at almost all roles within the industry.

Joining the Real Estate Industry in 1998, Peta has conquered a variety of roles including Reception, Personal Assistant/Executive Assistant, Office Manager, Sales Support, Accounts & Marketing Manager, Sales Manager, Business & Client Manager, Leasing Administrator, Property Manager, Division Co-ordinator, HR and Rent Roll Sales. Now she is excited about being a part of the Real Estate Dynamics team and learning even more skills to put under her belt.

Peta comes from a family of farmers from the Brisbane and Sunshine Coast areas. Perhaps that's where she got her love of animals from, as she mothers two children, Zoe a rescue dog from Gladstone, and Claude a 13 year old albino cockatiel. Her husband completes her family; a funny Englishman from London. After a 7 year international relationship, Peta married her best friend 3 years ago. She is also God Mother and proud Aunty to a battalion of boys, and complains that there are too few girls in her family!

Peta's philosophy is to be kind, be mindful, treat everyone as equals, solve the problem and have patience. Living out her philosophy, Peta enjoys volunteer work, where she has previously assisted at a RSL War Veterans Home, and the Show Society Canteen. Her caring nature is warmly welcomed and she makes a perfect fit within the Real Estate Dynamics family.

Peta's role at Real Estate Dynamics is focused on providing high quality support and guidance to our clients, including our Brokerage Sellers and their Buyers during their transactions. Peta is happy to help, and you won't be disappointed with her cheerful manner and exceptional and knowledgeable support.
