A successful 10 year career background with high level skills and expertise in Real Estate and Property Management is what makes Dee Robbins so effective in her role as a Client Success Manager at Real Estate Dynamics (RED).

Prior to joining RED, Dee worked with Rockend for 4.5 years in the Learning and Development Division where Dee delivered training and guidance to help Agency Business Owners and their teams implement Rockend systems into their business, so they were operating with increased efficiency and effectiveness.

Her previous work history and experience over the previous six years included roles as a Senior Property Manager, Onsite Building and Property Manager and Agency Systems Manager; all with high profile Agencies.

Dee is passionate about the real estate industry and understands how Business Owners and their teams in the property sector constantly need to adapt, grow, develop and stay relevant.

At RED, Dee helps Clients be successful and sustainable as they meet and manage the challenges in the changing world of Property Management, now and into the future.

Dee delights in providing exceptional service to Clients and assisting them to achieve excellent results. Coupled with her unique skill set including a Certificate IV in Training and extensive industry knowledge, Dee helps Business Owners to grow their Property Management business, increase their profit and retain both happy, long term staff and clients.

Clients appreciate and enjoy Dee's positive, professional and caring approach throughout their journey to greater success.
